Haroon Khan

PROFESSIONAL PROFILE

I am a dedicated, self-taught web developer with a passion for turning creative ideas into functional reality. I take pride in my strong work ethic and unwavering loyalty, which are the driving forces behind my commitment to creating innovative products that bring joy and utility to people's lives. What sets me apart is my ability to excel both as an individual contributor and as a collaborative team member. This flexibility enables me to approach tasks with adaptability and efficiency, making me a valuable asset in any project I undertake.

WORK EXPERIENCE / PROJECTS

Cancer Research - Volunteer   2023 - 2023

- As a **volunteer**, I assisted customers by answering questions, providing **guidance**, and ensuring a **positive** experience. It was rewarding to help create a welcoming and **supportive** environment.
- helped customers, sorted donations, and maintained an organized store. It was rewarding to support a great cause while providing a **friendly** experience.

Star Micronics – Support Engineer   2024 - 2024

- Provided technical **support** and troubleshooting for hardware and software solutions, ensuring **quick** and **effective** issue resolution.
- Collaborated with customers to diagnose problems, offer **solutions**, and **improve** system performance for a **smoother** user **experience**.
- Assisted in the integration of Star Micronics products, ensuring **compatibility**, **efficiency**, and customer **satisfaction**.

Discord clone – C#, JS, HTML and ElectronJS   2023 - 2023

- **Designed** and **implemented** a **dynamic** and visually appealing replica of discord using **C#, JS**, a object-oriented language for back end applications.
- Leveraged **C#** for **enhanced code structure**, improved development workflow, and **increased maintainability**.
- Ensured **cross-browser compatibility** for a seamless experience across diverse user environments.

The Bull's Gazette: Front end developer   2021 - 2022

- End-to-End Development Mastery - Collaborated closely with the lead designer to **conceive**, **design**, and **seamlessly integrate front-end features**, culminating in the successful construction of a robust **CRUD application**.
- Imposed Various **REST APIs** - Skillfully employed diverse **REST APIs** to enhance functionality, including integration with **CoinGecko API** for real-time Bitcoin currency conversion, multiple payment APIs (**VISA, MASTERCARD**) for secure financial transactions, and a cryptocurrency news API for up-to-date information.
- **Security-Focused User Authentication** - Implemented a secure user login page featuring advanced **encryption measures** for both administrators and users.

Moonlight Pharmacy - Assistant   2019 - 2019

- **Adaptability** - various different cleaning jobs.
